

## Calamus Extension College Ltd.

### Scale of Tuition Fees and Other Charges (Distance Learning)

#### New Fees from 1 January 2010 - see table on next page

For about a year, we drastically reduced tuition fees to help people through the recession. We are no longer able to sustain those reductions and fees have now reverted to pre-recession levels.

For most degree subjects, a 10% reduction applies for full payment at enrolment. This is subject to confirmation and acceptance in each case.

The main tuition fees are for registration and tuition for a set period (normally up to 18 months), before any applicable deductions or any discount for payment in full in advance. The College reserves the right to alter fees and charges at any time. Fees will be charged in Pounds Sterling (GBP). For up-to-date approximate exchange rates for all major currencies, see [www.xe.com](http://www.xe.com) or [www.oanda.com](http://www.oanda.com) The exact rate will fluctuate and depend on rates set by your bank &/or other money handling agent.

*All degree programmes are non-UK and non-US degrees validated and awarded by Calamus International University.*

**The fees below are for distance learning programmes taught via Calamus Extension College, London, only.** For local classroom programmes and other special programmes taught outside the UK, please contact the relevant affiliated institute for details. NB - **South African History, Sexology, Law and Travel/Tourism have special fees and are not covered by this table.**

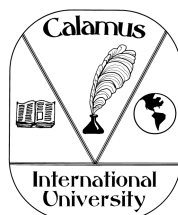

Textbooks are not included in the fees below. Students normally buy their own textbooks from on-line bookstores. Books will vary according according to the agreed study plan for the particular degree. 10 to 15 core textbooks are required for the average (18-month) degree course, with additional optional reading.

Modular payments are pre-approved for the following countries/regions: UK, Ireland, USA, Canada, Australia, NZ.
