

## Calamus Extension College Ltd.

### Scale of Tuition Fees and Other Charges (Distance Learning)

**New Lower Fees from 5 September 2011 - see table starting on next page**

**As the economic news world-wide continues to be less than wonderful, we have decided to reinstate the "recession-busting" fee levels that we introduced about 18 months ago. We are also making Calamus courses more affordable to even more people by lowering the minimum monthly payment to GBP (Pounds Sterling) 100.**

The main tuition fees are for registration and tuition for a set period (normally up to 18 months for a single degree). The College reserves the right to alter fees and charges at any time. Fees will be charged in Pounds Sterling (GBP). For up-to-date approximate exchange rates for all major currencies, see [www.xe.com](http://www.xe.com) or [www.oanda.com](http://www.oanda.com). The exact rate will fluctuate and depend on rates set by your bank &/or other money handling agent.

*All degree programmes are non-UK and non-US degrees validated and awarded by Calamus International University, registered in the Republic of Vanuatu.*

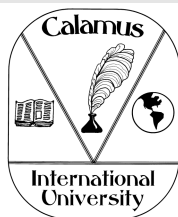

**The fees below are for distance learning programmes taught or co-ordinated via Calamus Extension College, London on behalf of Calamus International University.** For local classroom programmes and other special programmes taught outside the UK, please contact the relevant affiliated institute for details. NB - **South African History and Travel/Tourism have special fees and are not covered by this table.**

Textbooks are not included in the fees below. Students normally buy their own textbooks from on-line bookstores. Books will vary according to the agreed study plan for the particular degree. 10 to 15 core textbooks are required for the average (18-month or less) accelerated Bachelor's or Master's degree course, with additional optional reading. 15 to 20 books are required for the average doctorate, with additional optional reading.

**PAYMENT PLANS: Modular payments possible normally over approx. 10 months- ask us for further details.**

Modular payments are pre-approved for the following countries/regions: UK, Ireland, USA, Canada, Australia, NZ, and most Western European countries. Not available for Africa or Asia. Other countries - please enquire.

Tuition fee savings are available for full payment at enrolment.

All degrees are non-UK and non-US degrees validated by Calamus International University, which is registered in the Republic of Vanuatu.
